- Any hours taken with external providers do not count towards Polestar requalification (unless clearly stated).
- Educators can re qualify free of charge.
- Mentors can re qualify at a 50% discount.
- Students need only pay for their Studio re qualification and this will automatically renew their Mat and/or Reformer.
- You can use the same CEC's to re-qualify for multiple qualifications as long as those CECs were earned in the relevant two year period.

- All CECs must be earned between the date of the successful exam and the application deadline date. Any CECs earned over and above the requirement for requalification during this period cannot be carried over to the next period.
